

COVID-19 PATIENT SCREENING QUESTIONNAIRE

Are you experiencing the following:

- Severe difficulty breathing (e.g., struggling for each breath, speaking in single words)
- Severe chest pain
- Having a very hard time waking up
- Feeling confused
- Lost consciousness

If you are experiencing these symptoms it is recommended you go to the nearest emergency department right way and do not come into the clinic.

Are you experiencing any of the following:

- Shortness of breath at rest
- Inability to lie down because of difficulty breathing
- Chronic health conditions that you are having difficulty managing because of your current respiratory illness

In the past 10 days have you experienced any of the following:

- Fever
- New onset of cough or worsening of chronic cough
- New or worsening shortness of breath
- New or worsening difficulty breathing
- Sore throat
- Runny nose

Do you have any of the following:

- Chills
- Painful swallowing
- Stuffy nose
- Headache
- Muscle or joint ache
- Feeling unwell, fatigue or severe exhaustion
- Nausea, vomiting, diarrhea or unexplained loss of appetite
- Loss of sense of smell or taste
- Conjunctivitis (pink eye)

In the past 14 days, did you return from travel outside of Canada, or did you have close contact with someone who is confirmed as having COVID-19?

Please note that it is mandatory for all patients to wear masks at all times when you are in the clinic.

If you answered yes to any of the above, please go to the nearest emergency room or call 811/<https://www.albertahealthservices.ca/assets/healthinfo/link/index.html> and follow instructions.
